PROFILE

Innovative Frontend Developer with 2 years experience building and maintaining responsive websites. Proficient in HTML, CSS, Tailwind CSS, JavaScript, TypeScript, and React. Passionate about usability and possesses working knowledge of Figma.

WORK EXPERIENCE

Frontend Developer
StunHaul - India
Dec 2022 - Present

- Developing and maintaining 10+ fully responsive components for 500+ users.
- Collaborating with the design team to implement visually-appealing designs using Figma React, TailwindCSS and CSS.
- Improving user experience by implementing new features.
- Working effectively in a remote-setting to deliver projects on time and within budget.

PROJECT EXPERIENCE

In The World (Countries Information App)

- Developed a React App that utilises a REST API to display information about all the countries in the world.
- Made use of Github for the version control and Netlify for the deployment and hosting.
- Implemented CSS to style the app and improve the user experience.

Comfy (Furniture E-Commerce Store)

- Developing and maintaining responsive web applications using REACT.
- Leveraging React Hooks and Props to implement the add to cart functionality.
- Utilised CSS to implement visually-appealing designs.

Todo List App

- Developed a to-do list app using HTML, CSS and JAVASCRIPT
- Implemented filter methods for active, completed and all tasks.
- Included a drag-and-drop function to improve the user experience.
